

Hydrophobic

Multicoat 1.56

Power range: +4.00 to -6.00 / -2.00 cyl

Optimus

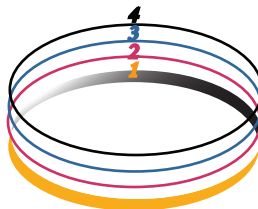

Bonastar's latest breakthrough in coating technology

HELPING YOU INCREASE CUSTOMER SATISFACTION

Benefits: Increases visual comfort; Repels grease & water marks; Protects against scratches; Provides better appearance; Requires less cleaning; Reduces glare and dazzle

Unique feature: An anti-slip coating over our hydrophobic multicoated lenses, no tapes are needed in edging process. (The anti-slip coating is only for edging purpose. It peels off after edging and cleaning.)

4. Anti-slip coating layer
3. Hydrophobic coating layer
2. Anti-reflection coating layer
1. Hard (Scratch-resistant) coating layer
